## Professional Summary

Software Engineering student and Full Stack Developer Intern with hands-on experience building responsive web applications using React, Tailwind CSS, and Django REST Framework. Strong foundation in frontend and backend development, RESTful APIs, and authentication systems. Passionate about learning, writing clean code, and building real-world projects.

## Skills

### Frontend

- HTML, CSS, JavaScript
- React.js
- Tailwind CSS

### Backend

- Python
- Django
- Django REST Framework
- RESTful API Development
- JWT Authentication

### Database

- MySQL

### Tools

- Git, GitHub
- Postman

## Projects

### Smart Event Hub — Full Stack Web Application

- Developed a full-stack event management platform allowing users to create, update, delete, and RSVP to events.
- Implemented secure user authentication and authorization using JWT.
- Built a responsive and modern UI with Tailwind CSS.

**Tech Stack:** React, Tailwind CSS, Django REST Framework, JWT, MySQL
